

CTDI'S ECOMMERCE SITE FOR CPE PARTS

INTRODUCTION

Technicolor is proud to announce CTDI as our new CPE parts supplier. The new Technicolor products website both streamlines order processing and enhances the customer's purchasing experience by allowing a select user group to browse available CPE accessories and to purchase them directly from the website.

The intuitive, user-friendly layout enables customers to purchase parts with ease. The site will facilitate distribution and inventory control, parts will be fulfilled by CTDI with a daily order feed transferred from the site.

In addition, the site utilizes an administrative function that accommodates reporting, order management, and products sorted by category. Customer assistance is available by email.
